

Technical Data Sheet | TT81

Drip Tray | 25ltr Sump

Made from recycled polypropylene, this 25 litre drip tray is great for the temporary storage of hazardous liquids. Applications include; battery storage, the storage of drums at a chemical dosing point and catching leaks from vehicles, plant or machinery.

Product Specifications

External Dimensions (WxLxH)	550 x 1100 x 50mm
Unit Weight	Approx. 3kg
Sump	25ltr
UDL	-
UK Pack Size	150
Export Pack Size	150

Product Features and Benefits

- Provides reliable containment for small-scale spills and leaks, ideal for temporary storage of hazardous liquids.
- Made from recycled polypropylene, supporting sustainability initiatives without sacrificing strength or chemical resistance.
- Easy to position, move, and store — perfect for tight spaces or mobile applications.
- Ideal for battery storage, chemical dosing points, and capturing leaks from vehicles, plant, or machinery.
